Presentation 2 Marking Criteria

14 Marks in total		No. slide	Mark breakdown
Solution Design (0 marks)	• Recap domain background and problem	1	0
	• Finalized architecture design	1	0
Implementation Detail (2 mark)	• Blockchain platform, database, and other techniques used for off-chain components	1-2	2
Demo (8 marks)	• Interaction with a blockchain + oracle	N/A	2
	• 2 smart contracts with business logic that fulfil 2 functional requirements (not only as data storage)	N/A	1
	• An off-chain component (e.g., cloud, peer-to-peer data storage, or shared database)	N/A	2
	• Completeness/quality of demo	N/A	3
Source code (4 marks)	• Qualities: reliability / soundness • Best practices / patterns • Comments	Code walk through	4
